Hi Stranger,
I didn't self harm or kill myself bc i knew there are ppl that love me a lot, and a lot. Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, It has survived not only five centuries.
It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of aldus.

Product

MDM

Cloud-based Apple device management for schools.

MDM brings simplified mobile device management to Apple devices. Designed specifically for schools and engineered with your needs in mind.

- Affordable
- Built for K-12 schools
- Teacher control
- 100% cloud based
- Intelligent full MiTM SSL decryption on HTTPS

Get started!

Product

24

24/7 AI scanning and human analysis of flagged notifications.

24 uses a sophisticated AI-powered sentiment engine to identify signs of self-harm, violence and bullying. Web traffic and searches are scanned, as well as emails and social media posts.

Flagged results are sent to Securly's highly trained analysts for review in context of the student's complete digital engagement to determine severity, then alert district staff based on your policy.

Get started!

Product

visitor

Instant identity checks for on-campus visitors.

Visitor lets you instantly know every person that visits, and alerts authorities when a visitor is flagged during an identity check.

- Visitor sign in and identity checks
- Visitor transparency
- Health screening questionnaires
- Badges and reports
- Alerting

Get started!

Product

notify

Notification system specifically for schools.

Notify lets you send emergency and non-emergency notifications to parents, students, and staff with the tap of a button.

- Multiple notification options: text, voice, email, push
- Flexible scheduling
- Unique phone numbers to avoid spam
- Analytics

Coming Soon!
