Remote Learning Resources

INFOhio Webinars

Friday, March 27 at noon: Points of View Reference Center (Grades 7-12)
- Look at current events from more than one viewpoint and develop students with critical thinking skills and a global perspective—even when the physical classroom is empty. Together, we'll identify online options that have worked when using this powerful database to boost remote learning. For more information and to register, see the webinar page.

Wednesday, April 1 at noon: World Book Resources (Grades PreK-12)
- Explore the high-quality text, media, and learning activities available to students of all grade levels in the World Book suite of resources. We'll discuss how to integrate the content for maximum mastery in both online instruction and with students who may not have Internet access. For more information and to register, see the webinar page.

Friday, April 3 at noon: ISearch: Find Texts for All Grades and All Subjects (Grades PreK-12)
- Discover how you can use ISearch to find the right text for the standard you are teaching. ISearch's simple single search box will help you find text at all levels to develop content area knowledge and build comprehension. We'll share ways to use ISearch to increase student learning and how to easily save and share the wealth of high-quality text ISearch holds. For more information and to register, see the webinar page.

All webinars in this series will be recorded and links will be posted. Questions about this webinar series? Contact INFOhio at support.infohio.org.
