**Internet/E-mail** – Filtered Internet access via a digital circuit for the district and all district buildings. E-mail address and mailbox for all students, teachers, and staff, including all management tools.

**Internet** – Filtered Internet access via a digital circuit for the district and all district buildings.

**Other Services** – Includes (1) Student Information System for grade reporting, transcripts, scheduling, attendance, disciplinary action, special education forms, and all areas of EMIS reporting, (2) USAS/USPS – Uniform School Accounting System/Uniform School Payroll System, a state written accounting and payroll package that meets state standards, (3) INFOhio – Statewide automated library system for the K-12 levels, which includes a statewide Union Catalog listing all materials found in any INFOhio library, as well as Audio Visual materials, Special Education materials, Community Resource Records) listing areas of interest around the state), Venture Capital Records, and the ability “book” these items. Beginning in FY2016, Other Services also includes an e-mail address and mailbox for all students, teachers, and staff, including all management tools.

**Voice over IP** – Provides Voice over IP (VoIP) services to district from central ACCESS location.

**Voicemail** – Provides voicemail services to district.

**Dial-up** – Provides for dial-up access to the ACCESS network. [Discontinued effective July 1, 2010].

**Remote Access** – Provides the ability for a customer to connect to ACCESS’ services if the customer’s building is outside of the ACCESS Wide Area Network (WAN). This fee is waived for Internet/E-mail customers.

**Maintenance** – ACCESS will negotiate network maintenance contracts with a preferred vendor, and will sign a master agreement. The districts will be billed for their contract amount.

**Fiber Connection** – Members wishing to have buildings connected which were outside of the original scope of the fiber network project will pay all costs, including (1) make-ready, (2) engineering, (3) construction, (4) equipment, and (5) testing. ACCESS will bill the members for all of these services on a time and materials basis.

**District Cap** – No district shall pay more than the cap (per ADM) when taking into account their individual e-rate reimbursement.

**Building Fee** – Each district pays a \$4,000 per building fee to support the construction of the fiber optic network’s “Make Ready” charges. [Discontinued in FY2006]

**Wireless** - Wireless network services will be priced depending on district size and density requirements.

**Virtual Servers and Storage** - Virtual servers and storage will be priced depending on the number, size, and resources required.

\*District must NOT be a member of another DA Site - Fees are per/ADM (Average Daily membership) per year
